

The Roxtec sealing system is safe and flexible. Frames are adaptable to ensure a perfect fit, regardless of the cable or pipe size. Fill a frame selected for the application with multiple cables, pipes and sealing modules or use a single service seal with adaptable inner and outer diameter. Frames are available via custom special order. DNV, BV, Lloyd's, ABS, US Navy and Coast Guard approved.

S Frame

S FRAME PRIMED

S FRAME ALUMINUM

S FRAME UNPRIMED

Basic frame type for welding, available as a single frame and in combinations with several openings. Certified for A and H classed bulkheads or decks, watertight and gastight. Available in primed mild steel, acid proof stainless steel, or aluminum.

SF Frame

SF FRAME PRIMED

SF FRAME ALUMINUM

SF FRAME UNPRIMED

Standard S frame with the addition of a 2.362" flange. Suitable when pre cut holes exist and are too large for standard size frames. Certified for A and H classed bulkheads or decks, water tight and gastight. Available in primed mild steel, acid proof stainless steel, or aluminum.

Cable Transit

ROXTEC

Glands

- Nickel plated brass, PA 6, galvanized mild steel, EPDM rubber
